BISBEE DAILY REVIEW

REGULAR MEMBER OF THE ASSOCIATED PRESS.

Washington, May 8.—Forecast for Arizona: Fair and warmer

VOL. VII.

BISBEE, ARIZONA, TUESDAY MORNING, MAY 9, 1905.

PRESIDENT IS ROYALLY

Welcomed on His Arrival at City of Denver

UNITED WELCOME GIVEN

By City and All Within Radius—Various Forms of Entertainment

Denver, Col., May 8.—The entertainment of President Roosevelt by the citizens of Denver tonight was a fitting conclusion of a day of royal welcome as he journeyed through the State of Colorado from Glenwood Springs.

All the towns along the Denver and Rio Grande railroad, over which the presidential party traveled, centered their populace at the stations to greet the president, and every evidence of hearty good will was seen and heard. The crowning event came tonight, in the form of a banquet tendered President Roosevelt by the Denver Chamber of Commerce at the Brown Palace Hotel.

Denver, May 8.—The Rio Grande train bearing the presidential party arrived at the Union Station, at 5:30 tonight. A reception committee was present. President Roosevelt emerged from the rear door of the car and grasped Senator Patterson's hand in a warm greeting.

He was quickly introduced to other members of the reception committee, and then President Roosevelt descended from the car, while a crowd behind the iron fence cheered lustily.

As he stepped into the car and became plainly visible to a multitude on the street a cheer rent the air, and the president lifted his hat and bowed smilingly.

Regular troops and cavalry of the state militia saluted, and the president swept his eyes along both lines in responsive greeting. So perfect were the police arrangements that no interference was met during the journey of about two miles to the Brown Palace Hotel. All along the route throngs of people lined the streets and waved flags and cheered vigorously. The president stood up and bowed to the cheering crowds.

Arriving at the Brown Palace hotel at 6 o'clock, the president entered from the Seventeenth street side, and was taken to his quarters on the seventh floor. For an hour and a quarter the president was in retirement in his rooms, in consultation with Secretary Loom. At 7:15 he received the Denver Press Club in his rooms, and was initiated as an honorary member. A solid gold membership card was presented to the president.

A few minutes later the president was taken in charge by the Chamber of Commerce members and made an honorary member of that organization. The reception of guests of the banquet was held, and the president then entered the banquet room.

This was, perhaps, the most sumptuous affair ever held in the state. The president was pleased by the picture that unfolded itself to his eyes as he entered the banquet hall. Everything known to the decorators' art was called into use to embellish the commodious banquet hall, and the menu was equal. Throughout service of the courses stringed instruments blended in beautiful melody.

Chief Justice William H. Gabbert, who acted as toast-master, in a brief speech introduced the president, who arose amid cheers and applause. He responded to the toast, "The Nation." He was followed by Governor Jesse H. McDonald, who spoke of "The State," and Mayor Robert W. Speer, who responded to the toast, "The City." Senator Thomas M. Patterson then spoke to the toast, "The President."

In concluding his toast, "The President," Senator T. M. Patterson said:

"I have in my mind's eye a scene of one week ago yesterday. It is in Colorado's mountain fastnesses; the waving pines, the whitened mountains and the blue skies make the walls and canopy for the services. The president had been invited to leave the Sunday rest of his hunting camp to hear a humble back woods preacher tell the story of Christ's life, his vicarious death and glorious resurrection. To the rendezvous—far away from the haunts of wealth and fashion—the president rode, clad in a well-worn hunter's suit, his battered sombrero, his soiled khaki overalls, his trousers legs tied at the bottom with a string, a spotted handkerchief about his neck, his face bronzed

LAS VEGAS WINNING Scores in Sanitarium Contest—Gets Big Concern

Las Vegas, May 8.—The big sanitarium for the care of consumptives to be built and maintained by the National Fraternal Association will be located at Las Vegas. This announcement comes from St. Louis. The committee which has twice visited the southwest and investigated conditions and carefully weighed the advantages offered by the different places bidding for this institution having arrived at their decision, are now arranging for a big banquet in St. Louis on the 10th, to which 800 invitations have been sent out, and at which time the formal announcement of the selection of Las Vegas will be announced.

The fight for the location of this great institution has been rather interesting between Las Vegas, Deming and Alamogordo, between which three places the contest finally narrowed down. In the beginning there were some five or six other cities in this vicinity bidding for the institution, among them El Paso, which later on withdrew from the contest.

Las Vegas, the successful city, has donated \$1,000,000 worth of property to the association and this, while not a controlling factor, is thought to have much to do with the selection.

The announcement that Las Vegas has won will be received with much chagrin, to say nothing of disappointment, by the people of Deming and Alamogordo, as both of these cities were very hopeful and had looked upon Las Vegas as being practically out of the race. In the fight that Deming and Alamogordo made against Las Vegas they called attention to its extreme high altitude and cold climate in the winter. When the committee of the sanitarium was here a little over a week ago, one of the members in speaking of the contest between Las Vegas, Deming and Alamogordo, said that the fact that Las Vegas stood ready to donate \$1,000,000 worth of property would cut no important figure in the matter of deciding upon climatic advantages of the different places.

The people of Deming and Alamogordo have worked hard and almost ceaselessly in their efforts to secure the sanitarium. Deming thought that her limitless supply of pure water and her sunshine and pure, dry air made that place the best of all locations in the southwest for a sanitarium for the care of consumptives.

COURT IN PROGRESS Curious Occurrences in the Proceedings Yesterday

(Special to Review.)

Tombstone, May 8.—The U. S. grand jury came into court this afternoon and made their final report and were discharged after being in session for only one day. Two bills were returned. One against a man named Senoqui for smuggling; also a bill against Encinas for the same offense. Both cases come from Nogales. The charge against Franco Moreno from the same place was ignored.

This afternoon J. K. Rogers, who lives at Pima, in Graham county, came into court and pleaded guilty to the charge of polygamy and was fined two hundred dollars, which was paid. This is a case which was returned by the grand jury at the last session, and there are many extenuating circumstances surrounding the case. Rogers married his two wives in Utah thirty years ago, and has since lived with them in Arizona.

The U. S. trial jury will be here on Thursday, and in the meantime Judge Doan is hearing civil cases.

Tombstone, May 8.—The April term of the District and United States Courts opened this morning. The United States grand jury was empaneled and the following sworn in as members: J. C. Raub, F. R. O'Brien, P. B. Phillips, D. P. Hickey, H. W. Hasselgren, Lewis Hunt, R. H. Campbell, W. N. Edwards, B. F. Watkins, J. J. Neary. Geo. Hardiker, Chas. Overlock, J. M. Sparks, B. Maier, B. J. Whiteside, O. O. Saxhang, A. Ashman, Geo. C. Black, Chas. Gates, Tom Burch. Chas. Overlock was appointed foreman of that body.

The grand jury has but little work in sight, there being but three criminal cases to investigate, those of smuggling against Carlos Encinas, Alfonso Moreno and R. Senoqui. The cases against Crandall and others, the soldiers arrested last summer for killing cattle belonging to the Greene Cattle Co. on the military reservation, will probably be taken up by the grand jury, but as the offenders have without ceremony left the service of the government there is but little hope of their being captured, and in the event they were the government would find them on the charge of desertion.

The cases of J. K. Rogers, John Campbell and Jonathan Hoops, who were indicted at the last session of the court on charges of illegal cohabitation, will be tried at this session.

ANTLERS RECEIVE ELKS

Royal Entertainment Carried Out Successfully by "Best People On Earth"

After the Ball.

B. P. O. E.—In some localities, the above initials have stood for the "Best People On Earth." At Cananea, on Saturday and Sunday, last, the Elks members of Bisbee Lodge, 671, passed a resolution that in the future this appellation should apply strictly to members of The Antlers Club, of Cananea, and the good Elks who are members of that organization.

The Antlers Club kept open house last Sunday and the quarters were not limited. For fear that some one would not feel at home, the visitors were taken to the top of the highest mountain in that locality and the keys to the state of Sonora, which started everybody in the face, was turned over and from that time until the departure of the returning excursion train, the occasion was one continual round of enjoyment and good fellowship, where fraternal chains were forged anew and good will reigned supreme.

The excursion to Cananea on Saturday, May 6, will long remain a gala day in the annals of the local Order of Elks. There was not a dull minute from the arrival of the train at Cananea at 8:15 Saturday evening until its departure at the same hour Sunday.

The start was made from Bisbee at 5 p. m., and from then until the arrival of the train at Cananea special arrangements were made in advance to guard against any delays. At Naco the E. P. & S. W. cars were whisked onto the tracks of the Cananea road, and with Supt. Temple and Neil Bailey keeping the track open for the Elks' special train, the running time from Naco, Sonora, to Cananea was just one hour and thirty minutes, arriving there at least fifteen minutes before the train was expected, much to the chagrin of the reception committee. At Naco, Arizona, the special train was met by W. P. Nimmack and A. R. Kearns, who passed out the information cards and were busy assigning the party to rooms before the arrival of the trains at Cananea.

After refreshments at the Sonora Hotel, the big dining room was cleared and the invited guests began arriving for the grand ball, which the visitors entered into in the full spirit of the occasion, while the Mexican orchestra played a delightful program as waltz, two-step and mazurkas followed each other in quick succession. C. E. Heaton and A. R. Kearns saw to it that everyone was properly entertained, although every Elk in Cananea considered himself a committee of one for this special purpose. The ball closed promptly at 12 o'clock, and the guests of the occasion were shown their quarters, while preparations for the picnic on the following day were continued by the committees far into the night.

The following morning at 9 o'clock the start was made from the depot at Cananea for the Puerto Blanco mine, nine miles away, where amid the pines the most enjoyable part of the program was enacted. It was just simply an old fashioned program, where you know everybody and they all knew you, and the old bucks frolicked about like the young fawns. R. L. Lloyd, C. N. Davis and J. E. Brown were responsible for this part of the program, and they resolved several days ago to make this particular program stand out in a class by itself.

CHINA READY TO FIGHT

Washington, May 8.—Sir Chen Tung Liang Cheng, the Chinese minister has issued a confidential circular or proclamation to all Chinese in the United States requesting that he be furnished with reports of all cases of applicants who have been denied admission to this country, and of all deportations on the ground of non-registration which have been decided since the expiration of the exclusion treaty of 1894. The circular asks also for an estimate of the damages to the applicants for such refusal on the part of the United States and for such

and the many expressions of hearty approval attested that they had succeeded beyond all expectations.

Mr. Lloyd had charge of the party on the narrow gauge railroad en route, and was here, there and everywhere looking after the comfort of his guests. Mr. Davis was responsible for the inner man, and there was not only enough to go round, but enough also for some of the party to get away with a box of good eatables that was made to do duty on the return trip to Bisbee. But, on the part of J. E. Brown depended cool headwork and calculating judgment. Upon his shoulders fell the responsibility of seeing that the liquid refreshments were transported from the bottom of the mountain to the picnic grounds. The mode of transportation was a packtrain of mules. Mr. Brown discovered that there was an ample corps of assistants who were willing to volunteer their services, and the eatables and drinkables were properly landed at their destination right side up with care.

After luncheon there were games, speeches and music until 3 p. m., after which the run back to Cananea was made. Mr. Lloyd, in behalf of the Elks of Cananea, welcomed the visitors in a hearty manner, taking occasion to make special friends of the ladies on the trip. M. J. Cunningham, Chas. Strong, Sam Frankenberg and W. B. Kelly responded in behalf of Bisbee. After leaving the picnic grounds a stop was made at the mammoth concentrator of the C. C. C. Co., which was a sight very interesting to the uninitiated. After dinner at the hotel, the run back to Bisbee was begun at 8 o'clock, and was made in exactly three hours. As the train pulled out of the depot three cheers were proposed for the Cananea members of the Antlers Club, and were given with a will.

On the return trip a member of the party prepared a few personal notes which were today handed to the editor of the Review. We publish them as received, but wish to disclaim any responsibility whatever for what is said in these notes.

Question.—What did J. L. Boston spend forty Mexican dollars for, and the price of the article was one adobe each?

A certain lady member of the party lost six Mexican dollars. Who got it? Where was Garnett King during the picnic?

Who was the Elk that lost his program at the dance and then had the audacity to fill another one?

Members of the male quartet which sings only during the "wee sma' hours": Messrs. Tate, Jennings, Clancy and "Jimmy."

The railroad boys took good care of the Elks all along the line, and their many kindnesses were much appreciated.

The Mexican customs officials, likewise Uncle Sam's boys on this side of the line took cognizance of the trip and many annoying little details were avoided.

Mexican boys did a big business at the bottom of the hill renting burros at \$1 apiece to transport tired backs to the picnic grounds.

Seventy-five Elks attended, and they are ready to go again whenever they can get an invitation.

It is now up to Bisbee to make good.

Who is the best looking man in a plug hat? Walsh is paying two-bits for votes.

R. L. LLOYD, W. P. NIMMACK, C. E. HEATON, A. R. KEARNS, C. N. DAVIS, J. E. BROWN—write their names in capital letters in the future.

"Hasta Luego."

GREENE STREET CAR DEAL ASSUMES MYSTERIOUS PROPORTIONS AT EL PASO

El Paso, May 8.—"Has the old street car company bought the franchise of the new concern, or has the new company bought out the old one?"

That is a question which was asked more than once yesterday, but those in a position to give an authentic answer refused to talk.

A deal of some kind was made between the two street railway interests last Thursday, and it was reported Friday that the franchise recently granted by the city to one "George Nicholas, of Baltimore," for a street car line had been sold to the old company, but that the deal would not be made public for the present, as it was intended to ask the city council Thursday night for other concessions in the name of the company selling.

Knowing that J. P. Dieter had been instrumental in securing the franchise for "George Nicholas," he was asked to confirm or deny the reported sale.

"I know positively," said Mr. Dieter, "that the franchise granted George Nicholas and associates has not been sold nor offered for sale. And I know further that it is not for sale. No one has the right to negotiate its sale without consulting me, and I know that I have not been consulted. You can truthfully state that there has been no deal."

This statement from Mr. Dieter would indicate that Colonel Greene, who is supposed to be largely interested in the new street car franchise, is acting independently of his associates, for Judge Fall, acting for Colonel Greene, has certainly made a deal of some kind with the old street railway company.

Cash and not checks were used in closing the deal, and the money was seen piled on Judge Fall's desk Thursday, and those present in his office at the time were General Manager Edgar, of the El Paso Electric Street Railway; Mr. Tripp, the Stone & Webster syndicate's financial man; Judge Leigh Clark, attorney for the street railway company, and Judge Fall, attorney for Colonel Greene.

When Mr. Edgar and Judge Clark were called on yesterday they were non-committal. Mr. Edgar "thought" the reported deal a mistake, and Judge Clark declined to talk.

PLAN BIG A BUILDING Bisbee Improvement Co. to Have Copper Queen Lot

Announcement was made yesterday that the Bisbee Improvement company proposes to begin the erection immediately of a two-story building on Naco road, on the site of the old Copper Queen barn, directly across the E. P. & S. W. depot.

Material to be used in the building will be Douglas cast stone, and work is to be started the latter end of the present month. The building will be used for offices and store rooms.

The second floor will be used exclusively for office purposes, while the ground floor will be sectioned off into store rooms of ample proportions. Two of these will be immediately occupied by the Bisbee Improvement company, and the remaining two will be offered for rent. New quarters for the Bisbee Improvement company was made necessary on account of remodeling of the Copper Queen Hotel, which work is also to be inaugurated the present month.

BISBEE LOST AT MORENCI.

Two Defeats Hand Running Scored by Home Team.

Bisbee bowlers arrived home yesterday morning a trifle crest-fallen. The occasion was two defeats hand running. One was at the hands of El Paso and the other at the hands of Morenci. The latter team was defeated here several weeks ago by the Bisbee team, but a lot of hard practice work in the meantime made it equal to the emergency put up by Bisbee at the Morenci game. A return engagement is now in prospect, but no date has been fixed.

Miss Bertie Hanson is home on a vacation from school at Los Angeles.

States and to test the validity of the existing Chinese exclusion laws. In what particular the attack upon the law is to be made is not known to the government officials. They hold that the right of congress to enact laws to exclude from this country Chinese or anybody else, can not be assailed successfully.

It is held by some lawyers of repute, however, that there are phases of the Chinese exclusion law which will not stand a test in the courts, and it is understood to be the intention of one or more of the influential Chinese organizations in this country to institute legal proceedings by which the rights of individual Chinese will be adjudicated.

deportations, holding the acts of the officials of this country, under the law, and in view of the termination of the treaty, and after the rejection of the proposed consent of the Chinese government to reasonable exclusion of Chinese, to be hostile to a friendly nation.

The circular, which is written in the Chinese language, was issued through the consul general of China at San Francisco. Its object, as understood by the United States, is to facilitate the collection of evidence on which to base a suit against the United

IS THE STRIKE

Chicago Hopes For Betterment During Today

CIVIC COMMISSION CAN Do But Little—Meantime Rioting Continues in Streets of the City

Chicago, May 8.—Both employers and strikers claim gains in the teamsters' strike. The employers declare they have gained a decided advantage in the number of wagons sent out and amount of business transacted.

The strikers' claim is based upon the fact that 250 drivers for various furniture dealers in the city will strike tomorrow morning, and also 150 paint workers employed by Heart & Milligan Co. These are the first members of any union outside of the teamsters' organization, to go on strike in support of the teamsters. They have walked out because of the delivery of goods by non-union teamsters.

No more negroes are being hired, and as rapidly as possible those now at work are being supplanted by white men.

Rioting today was of a sharper character than that of Saturday. There were a few fatalities and a number of others badly hurt. The commission appointed by Mayor Dunne to investigate the strike commenced today, but the promise for the successful performance of its mission does not seem to be bright. It has no power to summon witnesses, and must, therefore rely upon voluntary testimony.

President Dodd, of Chicago federation of Labor, declared of the laboring men that none of them would appear before the commission or give any evidence whatever unless its sessions were open to the public and it investigated not only the cause of the present strike but those leading up to it.

GIVE \$1,000,000 TO SCHOOL. Members of the McCormick Family Donate Sum to Seminary.

Chicago, May 8.—One million dollars, the largest individual sum ever donated to a theological institution of learning in the United States, has been given to the McCormick Theological Seminary by three members of the McCormick family, the announcement being made during the commencement celebration today.

The formal announcement has been kept a close secret by the McCormicks and the directorate until today, when the Reverend Samuel J. Nicolais, of St. Louis, president of the Board of Directors, made it public.

The following is the way in which the donation has been made: Mrs. Nettie Fowler McCormick \$750,000; Cyrus H. McCormick, \$125,000; Harold F. McCormick, \$125,000.

Broncho Busting. And Steer Tying Contest at Cananea Sunday Next.

There is another excursion to Cananea on tap. It is to come off on Sunday next. The occasion is a big broncho busting and steer tying contest. There will also be some steer tying. For the occasion the E. P. & S. W. has announced a round trip rate of \$2. Indications are that there will be a large attendance.

JUNIORS WILL PLAY BALL.

Bisbee and Tombstone Will Cross Bats at Lewis Springs Saturday.

A feature that has been arranged for the picnic of the children to Lewis Springs on Saturday is a ball game between the Juniors of Bisbee and Tombstone. This diversion is expected to amuse the children a heap. At the present time it is expected that there will be about 1,000 people out of the city on this excursion.

CHINESE EXCLUSION MATTERS.

Washington, April 8.—In the case of Ju Toy, the Supreme Court of the U. S. today held that the decision of the secretary of the department of commerce and labor is final in the Chinese exclusion cases.

Ju is the son of Chinese parents, but claims that he was born in the U. S. His exclusion was after a temporary visit to China, and he took the case to the federal courts.
